

NHS Data Model and Dictionary

Type: Change Request
Reference: 1853
Version No: 1.0
Subject: National Workforce Data Set v3.3
Effective Date: 31 July 2022
Reason for Change: Change to Information Standards
Publication Date: 1 February 2022

Background:

The National Workforce Data Set (NWD) Version 3.2 was approved by the Data Coordination Board (DCB) as [National Workforce Data Set \(NWD\) Version 3.2](#).

A number of changes have been identified since the last version, and the National Workforce Data Set (NWD) Version 3.3 includes:

- updates to the Area of Work Name values
- updates to the Job Role Code values
- updates to the Person Stated Nationality values in the National Workforce Dataset v3.3 specification
- amendments to the codes and guidance within the NHS Occupation Code manual.

These changes have been approved by the Workforce Information Review Group (WIRG) and where appropriate have also been approved by the relevant Electronic Staff Record Special Interest Group.

To support the Information Standard, this Change Request updates the NHS Data Model and Dictionary to introduce the National Workforce Data Set Version 3.3.

A short demonstration is available which describes "How to Read an NHS Data Model and Dictionary Change Request", in an easy to understand screen capture including a voice over and readable captions. This demonstration can be viewed at: https://datadictionary.nhs.uk/elearning/Change_Request/index.html.

Note: if the web page does not open, please copy the link and paste into the web browser. A guide to how to use the demonstration can be found at: [Demonstrations](#).

Summary of changes:

Attribute Definitions

AREA OF WORK NAME	Changed Description
JOB ROLE CODE	Changed Description
PERSON STATED NATIONALITY	Changed Description

Date: 1 February 2022

Sponsor:

Note: New text is shown with a blue background. Deleted text is crossed out. Retired text is shown in grey. Within the Diagrams deleted classes and relationships are red, changed items are blue and new items are green.

AREA OF WORK NAME

Change to Attribute: Changed Description

The name of an area of work.

An area of work is an area, function or specialty where work activity takes place.

An area of work is categorised into three hierarchical levels. Each Primary value is included in the list of Secondary values, and each Secondary value is included in the list of Tertiary values.

The **Primary** area of work is a high level grouping of clinical specialties e.g. Medicine, Surgery, Psychiatry; or support functions e.g. Estates, Facilities; or other broad grouping e.g. Primary Care, Clinical Support.

The **Secondary** area of work includes each recognised clinical specialty, e.g. Neurology, Ophthalmology; other values identify major areas e.g. Outpatients or functions e.g. Catering, Finance, Pharmacy, where work is undertaken.

The **Tertiary** area of work includes each clinical sub-specialty recognised by the Postgraduate Medical Education and Training Board (PMETB) e.g. Metabolic Medicine; other values identify subsidiary work areas or functions where work is undertaken.

Note that this is essentially [Electronic Staff Record \(ESR\)](#) terminology to facilitate workforce planning, and has no direct connection to Primary Care, Secondary Care, Intermediate Care, etc.
