About	
<p>This is a quarterly collection of aggregated data relating to Computer Aided Dispatch (CAD) information, submitted by Ambulance Trusts in England to NHS England and NHS Improvement. CAD data records the time taken between a 999 call and a patient's treatment at scene and the data fields include both category and response type as well as vehicle information.</p> <p>The data is used by NHS England and NHS Improvement to support the development of Model Hospital productivity metrics for ambulance services.</p> <p>The controlled version of this Certificate can be found in the <a href="#">Assurance Certificate register</a>.</p>
