Standard	DCB1521, Cancer Outcomes and Services Data set
Release	Amd 74/2016, Version 8.0
Date of ISCE publication	28 September 2017
Date of Corrigendum	27 October 2017

Background

Version 8.0 of the Cancer Outcomes and Services Data set was published on 28 September 2017.

Since then the need for a minor correction to the data set has been identified. A summary is provided below.

Note that there is no impact on any of the [key documents](#) published by the Data Coordination Board.

Summary

Within the following documents, one field had been assigned an incorrect cardinality:

- [COSD v8.0 Dataset \(Final\)](#)
- [COSD v8.0 User Guide](#)
- [NHS Data Model and Dictionary Request 1588](#).

CANCER TRANSFORMATION AGREED DATE (PRIMARY CANCER PATHWAY) was described as Mandatory when it should be Required.

The above documents have now been updated to show the correct cardinality and the incorrect versions have been withdrawn.
