Haematology – Appendix A, Classification
v4 January 2025

Contents

- Notes for Use
- Appendix A – Classification
- Additional Guidance
- Questions?

This PDF is intended for use in conjunction with the following training modules:

Haematology – An Introduction

Haematology – Leukaemia

Haematology – Lymphoma

Haematology – Myeloma

Notes for Use

- The following pages contain a list of the ICD-O-3 morphology codes as well as the ICD10 codes for use with Haematological conditions
- The list has been ordered by the WHO ICD-O-3 Description
- Please refer to your clinical team for the exact description to use when searching. The document is searchable in most PDF readers
- If searching manually, please be aware that the description may start with words such as “Acute”, “Primary”, “Chronic”, “Mixed” etc
