

Announcement of methodological changes to Smoking, Drinking and Drug Use among young people in England in 2011 (SDD11) [NS]

Well-being questions

For the first time in 2011 questions on Well Being were included in the survey. The questions are from the Children's Society Good Children Index and are based on Huebner's Students Life Satisfaction Scale¹. The findings from these questions will be published in the SDD11 report.

Analysis

Additional analysis at Government Office Region (GOR) level will be included in the SDD11 report. This will use data from 2010 and 2011 combined. Further information on the methodology change introduced in 2010 to enable this analysis can be found here;
http://www.ic.nhs.uk/webfiles/publications/012_Methodological_Changes/MethChange201107_SDD.pdf

[NS] denotes that the publication has National Statistics status
