	Actual Coverage	As above
	Geographical Coverage	England and Wales
	Lowest level of Geographical Coverage	Primary Care Trust/Health Board
	Extent to which statistical end-producers can influence system?	NHS Dental Services have user group to drive design of system
	Data definitions used	Patients seen; courses of treatment; treatment banding; clinical dental treatment These can be found in the guide to dental publications at http://www.ic.nhs.uk/webfiles/publications/007_Primary_Care/Dentistry/dentalstats1112q2/Dental_Beginners_Guide_2011_12.pdf
	Classification systems used	n/a
	Data Collection Process	1)Periodicity/Timing 2)Validation process
		1. Live collection 2. Live validation with additional audit
	Access Arrangements	Registration to on-line system
	Dissemination Procedures	Reporting available to registered users
	Publication procedure	N/A
	Timing/Periodicity of public release	Regular information available
	Nature of changes to system that could impact on statistics	Currently experimental as quality of these new data improves. Refinement to collection planned

Information provided is believed to be correct as of January 2012 and may be subject to change.

Section 3: Change Process	NHS Dental Services manage change control process through steering groups. Key changes planned to improve data quality.	
Section 4: The subsequent statistical production process	Validation procedures	Validation against historical sources. Mixture of automated and manual quality assurance
	Quality assessment	User comments invited on content and presentation of publication as publication is experimental
	Periodicity of release	Annual
	Potential impact of changes to the source on the statistics produced	Introduction of new treatment categories causes break in time series. New data collection suffers from significant quality issues
	Procedures for mitigating such discontinuities	Estimates of comparable figures where possible. Extensive research leading to application of exclusion methodology.

Information provided is believed to be correct as of January 2012 and may be subject to change.
