

Digital Lloyd George note

This patient's digital Lloyd George record is stored online in the National Document Repository (NDR) 'Access and store digital patient documents'

This Lloyd George record has been scanned and digitised, so you can access it easily online.

To find this record on the digital service, you'll be asked for:

- your NHS smartcard
- patient details including their name, date of birth and NHS number

How to access the digital Lloyd George record

1. Visit <https://national-document-repository.nhs.uk/>
2. Use your smartcard to sign in to the service
3. Enter your patient's details

Your responsibilities after downloading a record

Once downloaded, you are responsible for this patient's record. You must keep the patient information safe.

- Store the record in an accessible and recoverable format within a secure network folder
- Ensure all access to the record is auditable, so information can be provided about who accessed the record

Do not remove this note

If the patient registers elsewhere, please make sure this note is sent to their new practice. This allows the new practice to access the patient's record in the digital service.
